

Winter Update!

It is still winter but at least it is brightening up in this cold chill.

I would like to start by thanking everyone that made our Christmas bazaar a huge success at the end of last year. We could not host these events without the help of our volunteers. Thank you so much to each and every person that gave up their time to help set up, clear up, and to run this hugely successful event. Special thanks to the teaching staff too, putting in extra hours to ensure the event goes ahead. Another thank you to all our raffle prize sponsors and businesses that supported the day so we can raise money for our children.

We made **£2,387.88** profit all thanks to your support. We are in talks with the school to fund a project to upgrade the sound and lighting in the hall for our children's school performances as well as other sensory activities they can experience.

From the bottom of my heart just a huge **THANK YOU!**

Congratulations

Regular ways to help

[Donate My School.](#)

This campaign is a great way to help with either a regular monthly donation or a one off donation to help us fund big and small projects.
